THE TRESSLER CASE HAS BEEN SETTLED.

West Penn Electric Company Reaches Agreement With Plaintiff.

AMOUNT PAID IS NOT STATED

Jesse M. Tressler Sued For $25,000 But Settled With Company For Considerably Less—Cases Were Set For Trial Next Week.

A settlement in the $25,000 damage suit brought by Jesse H. Tressler against the West Penn Electric Company for the death and injury of his two daughters at South Connellsville in the summer of 1908 has been effected and the case is closed. The plaintiff's attorney, R. S. Matthews, has entered satisfaction on the records in the case at Uniontown. The terms of the settlement were not made public, but the amount was not near the two claims of $15,000 and $10,000 that were entered.

Mr. and Mrs. Jesse M. Tressler were the plaintiffs in a case for $10,000, their daughter, Hazel Tressler, suing for $15,000 in another action.

Both cases grew out of the unfortunate accident at South Connellsville on July 28, 1908, when Cecil Ray Tressler, aged 12, a daughter of Jesse M. Tressler, came in contact with a heavily charged guy wire and was almost instantly killed. The wire, which hung from a pole near the plaintiff's residence, had become disconnected at the end near the ground and lay concealed in the grass.

At the same time, the other end came in contact with a wire carrying a high voltage. Hazel Tressler was with her sister Cecil when the latter was killed. In an endeavor to help and assist her, Hazel came in contact with the child's body while it was still receiving the full force of the current.

The shock threw her three or four rods and resulted in what are claimed to be permanent injuries, consisting chiefly in disorder of the nerves and head. Jesse Tressler filed the suit for his daughter, who is now 18 years of age.

The plaintiff was represented by Attorneys Sterling, Higbee and Matthews, Lee Brownfield acting for the electric company. The case would have come up for trial on next Tuesday.

Network of Roads Planned by State

The Sproul bill providing for the appropriation of $50,000,000 for the building of a chain of State roads connecting the principal points in the State, was introduced in the Senate at Harrisburg yesterday. The bill provides for a bond issue to cover the cost of construction and if it carried 5,000 miles of new roads will be constructed. It is proposed to connect all the county seats of the State with splendid highways.

Western Pennsylvania and especially this section of it, is to be well cared for if the bill passes. Among the routes provided are the following:

Bedford to Somerset by way of Man's Choice; Somerset to Uniontown by way of Rockwood, Confluence, Addison and Somerfield; Somerset to the Maryland line by way of Addison; Uniontown to the West Virginia line by way of Smithfield and Cheat Haven; Uniontown to Washington by way of Brownsville; Uniontown to Greensburg by way of Connellsville and Mt. Pleasant; Greensburg to Washington by way of Madison, West Newton, Bellevernon and Charleroi; Somerset to Pittsburg, by way of Mt. Pleasant and Greensburg.

Pope Pius X is Improving

United Press Telegram.

ROME, Feb. 17.—The Pope continued to show signs of improvement today. Dr. Petacci issued a bulletin that his condition was satisfactory, and that the congestion in his throat was relieved. The Pope sat up part of the morning and received several friends in private interviews.

Considerable uneasiness is felt today over the condition of Cardinal Rampolli and Cardinal Rinaldini, who are suffering from influenza, which is prevalent in Rome.

INSPECTOR'S REPORT

In 16th District 9,625,918 Tons Were Mined Last Year.

UNIONTOWN, Feb. 17.—According to the annual report of Mine Inspector W. H. Howarth of the Sixteenth Bituminous Coal District, of Pennsylvania, there were 9,625,918 tons of coal mined during 1910, and there were 5,050,615 tons of coke manufactured in that district. There were 3,-105,996 tons of coal taken out by the H. C. Frick Coke Company during last year. The report shows that 12 of the 52 mines in the district were in operation during the entire year and 11,188 men were employed during the entire year.

Quarter Century Yet for Washington Run

Officials of the Washington Coal & Coke Company merely smile over the claim of those opposed to building a new school house at Star Junction that the workings of the company will soon be exhausted and to spend money on the building would be extravagance.

At the offices of the company this morning it was stated the workings are good for the next 25 years, at least. It is possible the court may be asked to restrain the letting of the contract February 25, the date set by the School Board.

Dog Bites Girl; was Not Killed

As the little daughter of Mrs. Mary A. McKitterick was waiting in the store of Rocco Palladino at 506 West Gibson avenue yesterday afternoon for some oil she had just ordered for her mother, a big black dog which was tied in the room suddenly snapped at her hand. He caught one of her fingers in his mouth and nearly bit it off before she was released. Dr H. F. Atkinson attended her at her home, corner Third and Francis avenue.

It is said the girl, who is about eight years old, was following the storekeeper to the rear of the establishment when the animal snapped at her. Chief of Police Hetzel visited the store this morning to kill the dog. At first Mrs. Palladino consented, but when the execution was about to take place she changed her mind and the officer was obliged to leave the canine where it was tied.

Madero Will Lead Rebels

United Press Telegram.

EL PASO, Feb. 17.—Francesco I. Madero, provisional President of the Mexican revolutionary government, will be in personal command when the insurgents move on Ciudad Chihuahua, according to a courier who arrived today from Guadelupe, the temporary headquarters of the insurgents.

Madero, commanding 600 troops including one company of 42 American soldiers of fortune, under a former sergeant of the Philippine Scouts, with two machine guns, left Guadelupe at 7 o'clock this morning for Chihuahua.

The forces of Generals Blanco, Orozco and Casillas the courier reported affected a junction at Ascension last night and today proceeded toward Chihuahua 1,000 strong.

UP TO FANS IF THEY WANT TEAM.

Course of Action Outlined at Meeting Held Last Night.

370 CAN MAKE IT SURE GO

Of This Number Could Raise $5,000 It Would Insure Carrying the Team Through Entire Season and Probably Leave a Surplus.

Wanted—370 fans to bring baseball to Connellsville. A few of those interested gathered in the Chamber of Commerce rooms last night and went over the situation. It is not proposed to make formal application for a franchise in the O. & P league until it can be learned whether the town can make good. The proposition is a costly one—in some ways. In round numbers, $5,000 is wanted. If this sum can be realized, there is no question but that a team can be carried through the season.

The actual cash needed at this time is $2,000 for the required guarantee, $1,000 to build a fence and grandstand at the bal park, and the balance to purchase uniforms, pay expenses of players reporting and assuring sufficient to keep the team going in case of a rainy spring, for unpreparedness in event of unfavorable weather conditions at the beginning of the season has wrecked many a ball club.

Ten fans are needed to contribute $100; 20 to give $50; 40 to give $25; 100 to contribute $10 and 200 to chip in with $5. This totals $5,000, more than sufficient to make a start and plenty to insure the success of the team through a season.

There would be other sources of income. The new fence should be made to yield a profit in advertising and the program privilege is a money maker which has never been taken advantage of. There is the refreshment privilege to contribute its mite, and above all the admission to the games.

If the season is weathered successfully, and Connellsville has never yet failed to be in at the finish, the $2,000 guarantee is returned.

Another meeting will not be called for several days. In the meantime pledges are in order. A. A. Straub of the Smith House is probably most keenly interested in the success of the proposed movement. His interest is purely that of an enthusiastic fan who has always contributed liberally to baseball in the past.

"I want the town to say whether it wants baseball or not," he said last night. "The proposition was put up to me by Mr. Linn of Fairmont. If it does not go through the fans cannot say that I failed to give them an opportunity to take up the offer."

Sentiment in favor of getting into the O. & P. league is strong—in talk. Baseball fans are enthusiastic. They will have the opportunity to bring the game here during the coming season if they take sufficient interest. The matter is purely up to them. No definite time has been set for the next meeting but it will probably be held early next week.

Postoffice at Elm Grove Robbed

United Press Telegram.

WHEELING, W. Va., Feb. 17.—Burglars early today entered the postoffice at Elm Grove, four miles east of here, by cutting the glass from a window sash and secured the cash by forcing a drawer. Most of the stamps and money was kept in a bank nearby, and the robbers missed the greater part of the funds.

John Smith, a local character, was arrested this morning and another man is under suspicion.

NOMINATED OFFICERS.

Smithfield Odd Fellows Chose Those to Stand For Election.

Smithfield Encampment I. O. O. F. nominated their elective officers for the ensuing term Thursday evening. They are: C. A. Cessna, Chief Patriarch; Walter Ramsey, Senior Warden; George Hastings, Junior Warden; J. M. D. Lowe, High Priest; R. D. Benson, Scribe; I. C. Sutton, Treasurer.

They will be elected the first meeting night in March when the subordinate officers will be appointed.

Robbers Busy During Night

The headquarters of the Salvation Army were visited by burglars last night, but only a piece of cheese was missing when it was discovered this morning. A kitchen window had been left open and the thieves simply took advantage of the opportunity. They had ransacked the whole ofthe lower floor. Neighbors near the barracks, which are in charge of Captain John Hamford, say they were aroused by the barking of a watch dog about 12.30 A. M.

The police were also notified of the visit paid to the home of J. J. Drebert, an engineer living at 216 Fayette street. Entrance was gained there by forcing a window on the lower floor. After making a thorough search of the ground floor they partook of a light lunch consisting of bananas and crackers, washed down with a couple of drinks of whiskey they had brought. The bottle, though not empty, was left on the table.

A more successful attempt was made at the home of John Riley, 338 Arch street. Riley is also an engineer. It would appear that the marauders were in search of money only as they passed by several valuables that would have been carried off by the ordinary burglar.

A window was pried open here and an old sash used to climb into the opening. A search in the cupboard resulted in the taking of $13 which had been placed there for over night. Such things as watches and jewelry which were lying near the money were ignored entirely.

A strange feature of these three robberies is that not one of the victims heard the burglars at work. They would have fared badly at the home of Riley had he been aroused, as he is in the habit of keeping his Winchester handy and it was in its usual place last night. He says he would have used it, too.

It is the opinion of the police that the work was done by the same person or persons. Chief of Police Hetzel has an idea that there were two working together. He visited the homes this morning and examined the premises but could discover no clues that would lead to establishing the identity of the thieves.

Wm. Rockefeller Has Lumbago

United Press Telegram.

NEW YORK, Feb. 17.—William Rockefeller, brother of the oil king, is suffering from a slight attack of lumbago at his Fifth avenue mansion, according to an announcement at the home today. "He is not very sick and not very well," was the answer to inquiries.

The New York News Bureau, the organ of the "Street," says "Notwithstanding the statement given out at the home, it is said in the 'Street' by some of those in the Rockefeller entourage that he is suffering from an attack of pneumonia."

Wife Who Eloped is Arrested Here

Alleged to have eloped with Dominico Doscenzio, Mrs. Mario Marcelli was arrested in this city yesterday afternoon at a house on Tenth street by Officer Rulli and Special Officer Donnadio.

The husband of the woman, Stefano Marcelli, a pipe worker of Columbia, Lancaster county, Pa., has made information against the couple on various charges, one being the larceny of $100 in money and some clothing.

When leaving her home and husband, Mrs. Marcelli took one of the two children, deserting three others. The elopers had been in Connellsville about 10 days.

Constable James J. Snyder of Columbia, and the prosecutor were in Connellsville last Sunday working up the case against the pair. Special Officer Donnadio left last evening with the prisoners.

THE TAFT STEAM ROLLER AT WORK.

It Buries Canadian Annexation Bill Too Deep for Recovery.

THE TALK OF ENGLISHMEN

Charles M. Schwab Says They All Discuss Annexation Proposition but Do Not Take It Seriously—Premier Asquith Will Make Reply.

England. He said the sentiment in England seemed to be equally divided for and against reciprocity.

"Business sentiment on the other side," said Schwab, "is distinctly optimistic. The general feeling is that trade conditions in all lines are improving. All of the trouble in the steel business is now at an end and all plants are running smoothly."

LONDON, Feb. 17.—Premier Asquith will be asked next Tuesday whether England will reply to America regarding the Canadian annexation resolution of Representative Bennett. In the House of Commons today, Rowland Hunt, Unionist member from the Ludlow division of Shrops, announced that he would put the inquiry to the Premier.

United Press Telegram.

WASHINGTON, D. C., Feb. 17.—The Taft steam roller today passed over the House Committee on Foreign Affairs and crushed out of existence the resolution of Representative Bennett, of New York, looking toward annexation with Canada.

Both resolutions, one instructing the President to begin annexation negotiations, and the other directing him to inform the House of any negotiations now in progress, were voted down at a meeting attended by 10 members of the committee, by a vote of 9 to 1, Bennet being the only member voting for favorable reports. The meeting, hurriedly called at the request of the President, lasted about half an hour.

NEW YORK, Feb. 17.—While the question of annexation of Canada to the United States is being considerably discussed in England in connection with Canadian reciprocity, according to Charles M. Schwab, the general feeling there is that there is not the least danger of it coming to pass.

Schwab returned here today on the Mauretania after a brief vacation in

The petition set forth that the action at Columbus was not the voice of the United Mine Workers and demand a recall vote.

DEAD BODY FOUND

Of Unknown Man Along Lake Erie Tracks at Banning.

DICKERSON RUN, Feb. 17.—An unknown man was picked up at Banning mines by a P. & L. E. freight crew last night and brought to Dickerson Run. The man was dead when found by a colored man, who notified the authorities. The only mark found on the man was a small hole in the brows over the right eye. The man looked to be about 50 years old.

All engines were examined on their arrival at Dickerson Run and indications were shown that he had not been hit by any of them. Funeral Directors W. H. Parkhill took charge of the body.

Hoboes Taken to County Jail

County Detective Frank McLaughlin brought charges of vagrancy against the 17 hoboes rounded up at the Davidson ovens yesterday morning in the raid conducted by the local police. The hearing was held at 3.30 Friday afternoon before Justice of the Peace P. M. Buttermore.

Owing to the many defendants, the Squire heard the cases in the City Hall, sitting at the Burgess's desk. The prisoners were brought outside of the railing behind which they usually stand. About an hour and a half were required to go over the cases. Several of the prisoners put up hard luck stories of various kinds. It developed that five of them had only recently been released from the county jail where they had served short sentences for the same offense.

All were committed to jail to await either the action of the Grand Jury or enter pleas of guilty. It is probable that all will plead guilty at the first opportunity.

The men attracted a great deal of attention when brought out on the street for the 4 o'clock car yesterday afternoon. They were in charge of Officers Rottier, G. Francis, McCullough and Constable Russell Stillwagon.

Frank Chircosta, the photographer, at the direction of Detective McLaughlin, took photographs of the prisoners, who were lined up along the Pittsburg street side of the Second National Bank.

All were then put on the car and the trip made to the county seat successfully. Besideh the 17 caught yesterday morning, Jack O'Leary and Joe Moreland, arrested by McLaughlin on a vagrancy charge the day before, were added to the lot, making a total of 19 added to the jail population.

O'Leary made a feeble attempt to get away as he was being taken from the local bastile, but after being warned it would go serious with him if he tried it again he changed his tactics and did as directed.

Evans Owes a Big Board Bill

Sydney O. Evans was arrested today by Constable C. F. Miller at the instance of Mrs. C. W. Crim of Trump alley. He is charged with absconding from a $65 board bill.

Evans is said to have been in hard luck of late. He formerly conducted a barber shop at South Connellsville, and it was then that the bill began to climb. For some reason he was not living with his parents at that time, but he was arrested there this morning.

A hearing in the case will be held at 1 o'clock this afternoon before Squire S. S. Kern at South Connellsville.

SMITH CASES ON LIST NEXT WEEK.

They are Set for Trial on Monday and Tuesday.

SUITS BROUGHT IN 1907

Others Were Filed at Later Date. Tampering With Note Alleged In Another Case Scheduled For Trial. Case From Everson Settled.

Special to The Courier.

UNIONTOWN, Feb. 17.—Many interesting cases are scheduled for trial at next week's session of Civil Court, the fifth and last week of the adjourned December term. It is probable that many will be continued, as have many of those on the trial list for the four previous weeks.

Of the eight cases set for Monday all are of special interest in Connellsville but one. The seven result from the settlement of the estate of the late Berthana R. Smith, Herman M. Kephart, the administrator being made defendant in the actions, which are all assumpsit. He has retained Sterling, Higbee and Matthews to defend him. The plaintiffs in Monday's cases against the estate are Rachael A. Fee, Amelia Donovan, Agnes A. Smith, John B. Skinner, R. C. Greenland, A. A. Straub and Lou Holliday.

On Tuesday's list are two more cases against the same defendant, the plaintiffs being Straub & Sherrick and A. A. Straub. The majority of the actions for the first three days were entered in 1907 and 1908. One was brought in 1906. For the fourth day of the week, cases filed in 1909 and 1910 are scheduled.

A promissory note for $2,713.58 is the cause of the first case on next week's list. The Masontown Glass Company is the defendant and L. J. Henze the plaintiff. Interest from July 26, 1907, the date of the note is asked for.

James B. Sterling, of the glass company, endorsed the note, which was payable one year after date. The coming trial will be the second in this assumpsit action. A verdict was returned on June 8th, 1909, in favor of the plaintiff for $3,017.31.

Three days later Attorney D. M. Hertzog filed motions for a new trial for the defendant company claiming that the court erred in not determining under the evidence in the case that an erasure on the face of the not was of a material matter; also, that the court erred in refusing the defendant's point for binding instructions and in giving binding instructons n favor of the plantiff.

The note in question, as exhibited at the former trial, shows that a conditional clause, "This note is payable only on the condition set forth in an agreement between the parties hereto, dated the — day of August 1907," had been erased by drawing ink lines over the wording. Plaintiff avers this was done before the note was delivered to him, which the defendant denies.

The court in considering the motion for a new trial, decided that the question of fact as to the time when a change was made on a note was a matter for the jury and granted the motion on December 27, 1909.

The appeal of Barton Szmenski and his wife Eva from the decision of the late Justice John C. Brownfield of Everson in the case brought against them by M. M. Stantz, has been settled. This case would have been heard on Wednesday, but satisfaction has been entered by Attorney L B. Brownfield for the plaintiff, for the full amount of the claim $33.29 and costs. Judgment was given by Brownfield on May 19, 1909, and after the case was brought into court it was continued from time to time until a settlement was reached.

Contractors Win Suit in Court

After being out since 3.30 yesterday afternoon, the jury in the case of the American Warming and Ventilating company against the Fayette Lumber company returned a verdict at 9 o'clock this morning in favor of the defendant. The victory for the Connellsville firm was the direct result of the stubborn fight put up by Attorney E. C. Higbee for the defense.

Plaintiff sued for a balance of $98.53 on a $5,000 sub contract for repairing the Second Ward school in this city. The lumber company claimed that they were obliged to finish part of the foundation work themselves, and deducted this expense from their check when settling with the plaintiff.

Attorney Higbee's point was that when the plaintiff accepted this check, it signified that the account was closed, and the jury decided that he was right. Attorney S. R. Goldsmith argued against this, but to no avail.

RAILROAD ORDINANCES IN COUNCIL TONIGHT.

Question of Vacating Streets and Granting Rights of Way Will Be Gone Over Once More.

The railroad ordinances will come up at a special meeting of Town Council tonight. There are five of them for consideration but whether they will be passed remains to be seen. The Councilmen held an informal meeting last night at which time the disputed points were gone over and discussed freely.

No statement would be made today regarding what transpired at the meeting last night. Solicitor S. R. Shelby was present from Uniontown, having directed the recasting of the ordinances in order that they might be more acceptable to Council than the ones originally submitted.

The concessions granted by the railroad companies at the meeting Tuesday night were only on condition that the ordinances be passed at tonight's session. The Pittsburg & Lake Erie and Western Maryland railroads are both anxious to have this matter cleared up in order that work within the borough can start almost immediately upon approval of he documents.

It is predicted that the ordinances will be passed.

MOVEMENT AFOOT TO KEEP W. S. DEFFENBAUGH HERE.

School Directors are Asked to Increase Salary at Least Sufficient to Have Him Remain.

If Borough Superintendent W. S. Deffenbaugh is permitted to leave the Connellsville schools because of a better offer from Homestead it will not be the fault of his well-meaning friends who have already begun to put the matter up to members of the School Board. The sentiment seems fairly general that in building up the present splendid school system here Mr. Deffenbaugh should not at this time give up his work here when there is still much to be accomplished.

Rev. E. B. Burgess, for one, has expressed himself plainly on the subject. Rev. Burgess declares that the School Board should increase Mr. Deffenbaugh's salary and induce him to remain. It is not known when the Homestead election will be held.

Public Notice

Beginning immediately and continuing every day this week, the Aaron store will conduct one of the most important demonstrations of underselling it has ever planned for this season of the year.

The sole object of this demonstration is to emphasize anew the unique and unassailable position of the Aaron store as the greatest contributing factor to the welfare of the furniture-buying public in Western Pennsylvania.

Particular attention is called to the unquestioned newness, distinctiveness and dependability of every article on sale this week at prices way under the figures you are asked to pay elsewhere for goods of inferior quality and commonplace design.

We have nothing whatever in the nature of old goods to sell off, nor do we indulge in the practise of "buying up" inferior qualities and old patterns for "sale" purposes.

The goods involved in the following special offerings were carefully selected from our regular stocks and are therefore thoroughly modern and up to the minute in design and wholly guaranteed from the standpoint of quality.

FRIDAY EVENING, FEB. 17, 1911.

CONCERNING THE TAXATION OF CORPORATIONS.

Since the close of last year, the officers of Pennsylvania corporations have been struggling with their books and accounts endeavoring to dig out of them answers to all the questions in arithmetic contained in the blue and yellow blanks with which they are deluged by the State and Federal Governments.

If the governments of the State and Nation keep on piling taxes upon the corporations, and putting them to all manner of vexatious requirements, there will be fewer corporations in the country ere long.

The corporate form of business association is so much more elastic and convenient than the old-fashioned partnership that with very few exceptions the partnership is evoluted into corporations, so that the vast bulk of the business of the country is now done by corporations.

The numerous corporation laws are all aimed at the big corporations, which are denominated Trusts, though the name is a misomer; but they are more trouble to the small corporations, whose systems of bookkeeping are sometimes very simple and much lacking in those summaries of detail which are required by the annual reports.

The big corporations, on the other hand, not only keep such accounts, but they have plenty of skilled accountants to compile their reports on short notice.

In view of the universality of the corporation, and the great number of smaller corporations representing less than $50,000 capital, we think there should be some exemption and a short form of certificate which would exonerate that corporation from both taxation and trouble. They should be put in the same class with business partnerships and taxed with them.

It is hardly possible, however, that such a measure will receive consideration in Pennsylvania at present. The legislators are preparing to spend more money than ever and they want the corporations to foot the bills.

THE ANNEXATION OF CANADWA.

The proposed reciprocity with Canada has made some of the Washington statesmen feverish and they now want to annex that broad British domain.

The Democratic leader in Congress has suggested such a plan, and a Republican representative has offered a resolution directing the President to enter into negotiations with the British Government looking toward this end

It is all very well, and perhaps very desirable, to annex Canada, if Canada is willing; but if she is not, it would be folly to attempt to do so Canada is too big and husky to be coerced by John or kidnapped by Jonathan.

The suggestion of annexation should come from Canada.

The Washington Observer wants to know how we can say that Local Option is contrary to sound Democratic doctrine in the face of the fact that the right of the people to rule is a right for which Thomas Jefferson and Andrew Jackson contended all their lives It will be remembered, however, that they also persistently and consistently opposed all sumptuary legislation.

The Connellsville coke operators have formed a merger at last They have joined with the Pittsburg coal operators in the fight for equitable freight rates.

The evangelists are passing.

Several Somerset county sawyers have been arrested for "polluting" the streams with sawdust Over here in Fayette county, we dump everything into the streams and nobody says a word, unless a State inspector comes around.

The maple sugar season, all sweet and sticky, is here.

The General Utilities Company of Perryopolis seems desirous of earning its comprehensive title, doubtless with the entire consent and very general aid of Perryopolis

The crop of Davidson hoboes has been harvested again, but this time they will be made to earn their board and keep on the county Almshouse stone pile Are we about to see the problem of public improvement in Fayette county?

The Split-Log Drag might be used to advantage in The News office.

Connellsville's Superintendent of Schools seems to be in demand since he made good. Connellsville might find a worthy successor, but there is a universal disinclination to make the attempt.

Muck Diggin is still shoveling mud But that's his business.

We believe it was the Official Organ that threw a fit of indignation because it alleged that we "abused" certain citizens of Connellsville. Et tu Brute!

J. Bull is jealous of Uncle Sam.

Between Republican division and Democratic assininity, it's no wonder business is halting.

Star Junction wants a sixteen-room school house. The community needs it and should have it, but some citizens and one member of the School Board from other portions of Perry township protest against the expenditure of the money, because "in a few years the Washington Coal & Coke Company will be out of business" We fear the protestants are not well informed.

The Courier has no private interests to serve in the matter of the Western Maryland and Lake Erie Connection on the West Side. It, therefore, speaks without bias

Gentle Spring is flirting with us again in utter defiance of the Punxsutawney Weather Prophet.

The commercial buccaneers are no longer confined to the railroads.

The Bell telephone is absorbing some of the Tri-State's good men. Let us hope it will stop there.

New York society has gone in for prize-fighting. With commendable taste, they have confined the fighters to their own membership.

The West Side slaughter house will not be allowed to kill off the Western Maryland.

The $50,000,000 State road bill may be all right, but it looks like an effort to make Uniontown some kind of a center At the same time, it will make Connellsville a Pike town.

The Legislature will tackle the deadly grade crossing again Connellsville would have had a keen interest in this bill had we remained a borough, but under the city law we will have a right to say something to the recalcitrant railroads.

Hon. J. Mulvihill didn't get out of that Westmoreland election scrape scott free. He had to pay the costs.

A peculiar feature of the freight rates on foundry coke from the Connellsville region is that the further the haul the less difference there is between it and the furnace rate. Yet why should there be any difference?

West Virginia did a good coal business last year, having increased its output 25 per cent. Perhaps the labor troubles in other States had something to do with this increase.

STRONG DEMAND FROM DOWNTOWN

Citizens of Scottdale Anxious to See Much Needed Paving.

THREE STREETS ARE INVOLVED

Thousands Travel Chestnut Street, While Borough Building and Town Scales Are On Grant Street---Fourth Avenue Arouses Action.

Special to The Courier.

SCOTTDALE, Feb. 17.—The proposition to pave Fourth avenue has caused a great deal of discussion throughout town and it has had the result of inspiring the property owners abutting on some of the streets in the more central part of town to bestir themselves to get a slice of the tax that was levied last year for public improvements. There is something over $6,000 reported to be in the treasury in this particular fund at the present time, and Council will be besieged by a number who want to see improvements in the central part of town, as they claim that they deserve them as much more than Fourth avenue. These same people claim that Council erred in keeping a promise to pave Fourth avenue ahead of other streets, and that the promise was made under duress necessary to carry through the paving of Market street last year. This is talk heard on the streets at this time.

There are strong claims made for the paving of Chestnut street hill as far as the school buildings and Free Public Library. This hill needs grading and the sidewalk there, which is in really bad condition is pointed out as very trying to walk over. As there is reported an enrollment in the two school buildings of 655 and as the most of the pupils go over this street, counting out the ones who go in other directions, say just three times instead of four times a day there would be in a week's time 9,795 pupils traveling the Chestnut street hill. The adherents of the Chestnut street proposition claim that in a term there would at least be 55,620 pupils go up and down the Chestnut street hill. The number then added through general travel and the people who go up and down from the Free Library would add several thousand more. It would seem that their demand for a good paved street, as the street would be more used, than the narrow sidewalk probably is a strong one. That is the way that the subject is argued.

Then there is Grant avenue brought into the plan. On this short street between Spring and Broadway, both paved streets, are the Borough building, the fire engine house and the Borough scales. Nearly every man who drives a team in town and every farmer that comes in with hay or such stuff has to use the street. The firemen have to drag themselves and their apparatus out through the mud and over the rocks. One man could get the fire carts out and to any place down town if there was a properly paved street, instead of the country road there. Grant avenue is like the other unpaved streets, a mud loader for the paved ones, and like Chestnut street could be paved by action of Council without petion. Stoner street between Pittsburg street and Market street is another short strip that needs paving badly. With Chestnut street, Grant avenue and Stoner street paved the entire central part of town would be paved. There is a general demand that they be paved.

Scottdale Patron's Day.

This is Patron's Day in the schools and special exhibits are being made. The Manual Training and Art Departments' work in the High School building will also be shown this evening until 9 o'clock, the closing of the library. Tomorrow anyone may see these exhibits.

A Delightful Party.

A delightful party was that given by Estelle, daughter of Mr. and Mrs. Max Miller of Loucks avenue, on St. Valentine evening. The color scheme of the decorations was composed of pink and white, with many hearts used. The table was decorated in heart shaped, and a dainty lunch was served. Jolly games were played and each guest was given a souvenir of the occasion when they left. Among those present were Marie Loucks, Leon Morris, Mary Hayes, John Mumaw, Lillian Carter, John Keithley, Charlotte Stauffer, Arthur Volvette Hamilton, Allan McVombs, John Ferguson, Ruey Gettings, Nevin Muir, Irene Davis, Jean Coulter and Emanuel Morris.

Charming Hair.

Every Woman Can Have It By Using Parisian Sage Guaranteed by A. A. Clarke.

There is a reason for the phenomenal sale of Parisian Sage in the United States since it was first introduced into America, and the sales this year are breaking all records.

And the reason is plain to all: Parisian Sage does just what it is advertised to do.

Ask A. A. Clarke about it. He will tell you that he ricidly guarantees it to cure dandruff, stop falling hair or itching scalp in two weeks, or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer.

But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by leading druggists everywhere and in Connellsville by A. A. Clarke for 50 cents a large bottle. The girl with Auburn hair is on every package; mail orders filled, charges prepaid, by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

GOING OUT OF BUSINESS.

Moss Tailoring Company to Quit Owing to Expiration of Lease.

The tailoring business of the Moss Tailoring Company will be at an end March 31st, 1911. On that date their lease expires on their business location and not being successful in securing a renewal of same it compels them to close out their entire stock. This is the largest tailoring establishment in the city and the stock must be closed out within the next 35 business days. The disposal of this immense stock will be a feat of modern merchandising. It will also give every individual attending this sale an unparalleled opportunity of accomplishing more with one hundred cents than was ever before given in the history of Connellsville.

In an interview Mr. Moss requested that the public be notified as to the sincerity of their going out of business sale. The readers of The Courier are assured that after March 31st, 1911, the business location now occupied by the firm will be vacated, the closing out sale being bona fide in every respect. The campaign will be devoid of sensationalism and the "ads" will appear from time to time. The public need not hesitate or doubt the genuineness of the motive. Everyone can take advantage of the ridiculous reductions. Everybody will be more than pleased with their purchases, not only from an economy standpoint but also as to quality.

Mr. Burt M. Moss wishes to thank their many friends and patrons for their loyalty and good will during the firm's business life and again thanking them they will make their exit March 31st, 1911.

Great Revival at Scottdale

Special to The Courier.

SCOTTDALE, Feb. 17. - Tremendous results are beginning to show in the non-sectarian evangelistic services being held at the First United Brethren church by the pastor, Rev. C. W. Hendrickson and his brother, Rev. A. R. Hendrickson of Parkersburg, W. Va.

The church is being filled to the doors with interested people and among them are members of other churches, who are assisting in the services. The church bells are ringing every day at noon, as a signal for united prayer all over town.

A good many have come to the altar and several have claimed conversion. The singing of the splendid choir of 50 voices under the leadership of the pastor and the singing of the sacred songs by the choir and congregation seem much enjoyed and are engaged in with spirit.

Tonight being Friday night, it is the big meeting night of the week in Scottdale always and a large crowd is looked for.

Large Audience Hear Evangelists

BROWNSVILLE, Feb. 16.—A large audience attended the evangelistic meeting last evening. Following the opening song and Scripture service Evangelist Davis gave an informal talk in which he explained the scriptural plan of salvation and other doctrines with a clearness that was enlightening to many of the audience. At the close the evangelist gave the invitation to the unconverted and a number accepted the plan of salvation as it had been presented.

A double quartette of young ladies rendered a selection in a pleasing manner. About 50 young men then took seats on the platform and one after an other preached sermons to the audience that were thrilling and aroused the audience to the most enthusiastic applause. Many of the young men had been converted in the meetings, some of them from a dissolute life and their earnestness was evident in the strong pleas to their companions in the audience to follow their example in beginning a Christian life.

MANY ATTENDED

The Funeral of Dr. Harry Sherrick at Alverton Yesterday.

Largely attended was the funeral of the late Dr. Harry Sherrick of Charleroi, which was held yesterday morning at Alverton. The services at the house on Wednesday night were attended by a large gathering of friends of the deceased, including many members of the Charleroi Eagles, the Modern Woodmen of the World and the Turners of which orders the deceased was a member. Rev. Hackett, pastor of the Charleroi Presbyterian church, had charge of the services at the house. The floral tributes were numerous and handsome.

Rev. Myers of Scottdale conducted short services at the grave and eight members of the Eagles served as pallbearers. Among those who attended the services from here were Mr. and Mrs. E. C. Rose, Mr. and Mrs. B. T. Sherrick, Mr. and Mrs. F. N. Sherrick, Mr. and Mrs. Harry Davis, E. L. Sherrick, Mr and Mrs. J. D. Sherrick, Mrs. Wade Marletta and Mrs. J. D. Percy.

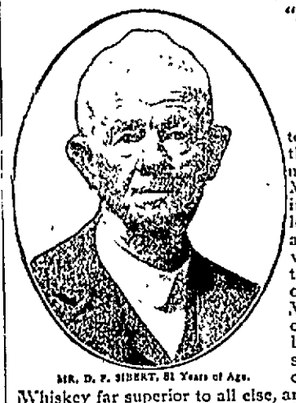
The Blue Mouse.

It is seldom a farce creates the attention that has fallen to the lot of Clyde Fitch's latest play, "The Blue Mouse." It is an adaptation from the German and is by the same author who wrote "Girls." Unlike the average farce that has gone before, an unusually large cast is required to present the piece. The story of the farce centers around the doings of "The Blue Mouse," a variety performer. She consents to impersonate the real wife of Rollett, secretary to the president of a trolley line. The president is exceedingly fond of innocent flirtations and Rollett gets the Salome dancer to make love to him with the hopes that she may obtain for him a promotion. The trick is turned. Naturally, many amusing and unlooked for complications arise, which requires three acts to untangle. "The Blue Mouse" will be seen at the Soisson theatre tomorrow, matinee and night.

Were Married in Buffalo.

Announcement has been made of the marriage of Miss Kitty Wilson of Buffalo, N. Y., and Charles S. Ramsay, son of Mrs. Janet Ramsay of Greensburg, formerly of Mt. Pleasant. The marriage took place at the home of the bride Saturday, February 4.

Restful Sleep Restored— Indigestion Cured



MR. D. F. SIBERT, 81 Years of Age.

"Duffy's Pure Malt Whiskey is far superior to all else as a strengthener and health builder for the aged, weak and sickly," says Mr. D. F. Sibert, 81 years of age.

He writes: "I am always ready to render merit and justice where they belong, and will state that my experience with Duffy's Pure Malt Whiskey is that when taken in medicinal doses it is an excellent tonic. I am 81 years old and have suffered a great deal with indigestion and kidney trouble. These troubles were overcome by Duffy's Pure Malt Whiskey. It induces sleep and creates thirst for a glass of water before breakfast. By this the system is the better supplied with oxygen. I find Duffy's Pure Malt Whiskey far superior to all else, and while I am greatly opposed to taking spirits as thousands do, I will always use Duffy's Pure Malt Whiskey, be benefited and attain a clear conscience by taking it as a medicine as prescribed." D. F. Sibert, Scotland, Archer Co., Texas.

Duffy's Pure Malt Whiskey

as a renewer of youth and tonic stimulant is one of the greatest strength-givers known to science. Splendid for the Blood

"Being all run down last spring I was advised to take Pinkham's Blood Purifier. I tried one bottle, and got such quick relief that by the time I had taken three bottles I felt like a new person. After taking the medicine I gained twenty pounds in three months."—Aaron Winslow, 60 Washington Street, Lynn, Mass.

At this season of the year almost every one needs a reliable blood purifier or spring medicine. This is indicated by that tired, "dragged-out" feeling—humors and eruptions which appear on the face and body,—and unless the blood is purified and enriched more serious consequences are liable to follow.

Pinkham's Blood Purifier

The best spring and blood medicine, is prepared by the Lydia E. Pinkham Medicine Company, of Lynn, Mass. You know this Company. You know that Lydia E. Pinkham's Vegetable Compound is the standard medicine for women; your common-sense tells that the company which owns so successful and valuable a medicine as that could never afford to risk its reputation by putting on the market any other medicine not of the same high degree of excellence. When you buy medicine prepared by this company you get the best, and Pinkham's Blood Purifier is The Best.

Cavanagh, Forest Ranger

The Great Conservation-Novel

By HAMLIN GARLAND

Copyright, 1910, by Hamlin Garland

As they came back to the party Cavanagh thought he detected in Gregg's eyes a shifting light that was not there before, but he made no further attempt to impress his opinion upon the attorney or the sheriff. He only said: "Well, now, gentlemen, I must go on over the divide. I have an appointment with the doctor over there; also with a bed and a warmer suit of clothes than I have on. If I can be of any service to you when I am out of quarantine I hope you will call upon me."

"It is possible that we may need you in order to locate some of the men whose names you have given me."

"Very good," replied Cavanagh. "If they come upon the forest anywhere the supervisor and I will find them for you."

So they parted, and Cavanagh and his guard resumed their slow journey across the range.

CONCLUSION.

In her career as the wife of a western rancher Eleanor Redfield had been called upon to entertain many strange guests, and she made no very determined objection when her husband telephoned that he was bringing Lize as well as Lee Virginia to stay at Elk Ledge for a few days. The revelation of the true relation between the two women had (as Lize put it) made a "whole lot of differ'ence" to Mrs. Redfield. It naturally cleared the daughter of some part of her handicap, and it had also made the mother's attitude less objectionable.

She had seen Lize but once, and that was in the distorting atmosphere of the restaurant, and she remembered her only as a lumpy, scowling, loud voiced creature with blowsy hair and a watchful eye. She was profoundly surprised, therefore, when Lee Virginia introduced a quiet spoken, rather sad faced elderly woman as her mother.

"I'm glad to see you, Mrs Wetherford," Eleanor said, with the courtesy which was instinctive with her.

"I'm might" obliged for the chance to come," replied Lize. "I told Reddy—I mean the supervisor—that you didn't want no old timer like me, but he said, 'Come along,' and Lee she fixed me out, and here I am." She uttered this with a touch of her well known self depreciation, but she was by no interpretation sordid or common.

Ross had not yet arrived at the cabin, but Redfield had warned Lee not to expect him till after dark. "He probably slept late, and, besides, there are always delays on the trail. But don't worry. Swenson will ride to the top of the divide with him and if it seems necessary will come all the way."

This feeling of anxiety helped to steady Lize, and she got through the meal very well. She was unwontedly silent and a little sad as well as constrained. She could see that Lee fitted in with those surroundings, that she was at home with shining silver and dainty dishes, and she said to herself: "I could have been something like her if I'd had any sort of raising, but it's too late now. But, Lord, wouldn't I like to see her now!"

It was not yet dark when they came out on the veranda to meet the doctor, who had come to meet Ross, and Lee's anxiety led her to say, "Can't we go up to the cabin and wait for him there?"

"I was about to propose that," replied Redfield. "Shall we walk?"

Lee was instant in her desire to be off, but Lize said: "I never was much on foot, and now I'm hoof bound. You go along, and I'll sit on the porch here and watch."

So Lee, the doctor and Redfield went off together across the meadow toward the little cabin which had been built for the workmen while putting in the dam. It was hardly a mile away, and yet it stood at the mouth of a mighty gorge, out of which the water sprang white with speed.

But Lee had no mind for the scenery, though her eyes were lifted to the meadow's wall, down which the ranger was expected to ride. It looked frightfully steep, and whenever she thought of him descending that trail, worn and perhaps ill, her heart ached with anxiety. But Redfield rambled on comfortably, explaining the situation to the doctor, who, being a most unimaginative person, appeared to take it all as a matter of course.

At the cabin itself Lee transferred her interest to the supper which had been prepared for the ranger, and she went about the room trying to make it a little more comfortable for him. It was a bare little place, hardly more than a camp (as was proper), and she devoutly prayed that he was not to be sick therein, for it stood in a cold and gloomy place, close under the shadow of a great wall of rock.

As it grew dark she lighted a lamp and placed it outside the window in order that its light might catch the ranger's eye, and this indeed it did, for almost instantly a pistol shot echoed from the hillside far above signaling his approach.

"There he is!" she exclaimed in swift rebound to ecstasy. "Hear him shout!"

His voice could indeed be heard, though faintly, and so they waited while the darkness deepened and the voice of the stream rose like an exhalation, increasing in violence as the night fell.

At last they could hear the sound of his horse's feet upon the rocks, and with girlish impulse Lee raised a musical cry, an invitation as well as a joyous signal.

To this the ranger made vocal answer, and they could soon see him moving athwart the hillsides, zigzagging in the trailer's fashion, dropping down with incredible swiftness. He was alone and leading his horse, but his celerity of movement and the tones of his voice denoted confidence and health.

The doctor laughed as he said, "I don't think a very sick man could come down a mountain like that."

"Oh, he isn't sick yet," said Redfield. "What we are afraid of is a possible development."

Lize was on the veranda when Lee and Redfield returned. "Did he get through?" she asked.

"He's all right so far," returned Redfield cheerily. "We left the doctor about to fly at him. We'll have a report soon."

They had hardly finished telling of how the ranger had descended the hill when the doctor arrived. "He hasn't a trace of it," was his report. "All he needs is sleep. I cut him off from his entire over the range outfit, and there is no reason why he should not come down to breakfast with you in the morning."

Mrs. Redfield thanked the doctor as fervently as if he had conferred a personal favor upon her, and the girl echoed her grateful words.

"Oh, that's all right," the doctor replied in true western fashion. "I'll do as much more for you any time." And he rode away, leaving at least one person too happy to sleep.

The same person was on the veranda next morning when Cavanagh, dressed in the supervisor's best suit of gray cassimere, came striding across the lawn, too impatient of the winding drive to follow it. As he came, his face glowing with recovered health, Lee thought him the god of the morning and went to meet him unashamed, and he took her to his arms and kissed her quite as he had promised himself to do.

"Now I know that I am delivered," he exclaimed. And they entered the new west together.

Games Tonight.
Uniontown at Connellsville.
South Side at McKeesport.

The Cokers play Uniontown tonight and hope to get out of the week's rut by defeating the Kinkans. Uniontown with Adams seems to be the same old Uniontown without him. Jack hasn't found his aim from the free line as yet and local fans are hoping he won't make a new start at the expense of Dark and his men. McKeesport gained a greater lead by defeating Uniontown last night and South Side has a big job to overtake the Champs.

The Cokers are in fairly good shape for tonight's battle the only near approach to a sick list being the cases of Dark and Kummer, both of whom have slight colds. A cold is bad on the wind, the players say, and takes some of the ginger out of them. If there is anything that takes the ginger out of Kummer and Dark the fans here haven't yet seen it at work.

High School Teams Play

Four High School teams held forth at the West Side Auditorium last night. The first and second teams of High School boys went through two speedy halves with the first team winning 48-13. The first girls' team defeated the second girls' team 8 to 1.

The game between the boys was fast and furious. The first team displayed splendid form in passing and if they keep that clip Y. M. C. A. will have a hard time staying in the running when the two teams clash next week. For the second team the shooting of Addis featured.

The game between the girls got lively at times but for the most part was friendly and decidedly ladylike. Miss Gemas was the only one who shot with consistency. The lineups:

First Boys—48. Second Boys—13.
Brown ..... Addis
Forward
Bishop ..... Marshall
Forward
L. Buttermore ..... Swartzwelder
Center
Scott ..... Jones
Guard
A. Buttermore ..... Sheetz
Guard

Field goals—Scott 9, Bishop 5, L. Buttermore 4, Brown 3, Addis 2, Marshall 2, Sheetz 2, Jones 1.
Foul goals—Brown 2 out of 5, Scott missed 1, Marshall 2 out of 9, Addis missed 1.
Referee—Dark.

First Girls—8. Second Girls—1.
Miss O'Connor ..... Miss Morton
Forward
Miss Sherrick ..... Miss Russell
Forward
Miss Gemas ..... Miss Herd
Center
Miss Conley ..... Miss Hobson
Guard
Miss Donnelly ..... Miss Wilson
Guard

Field goals—Miss Gemas 3.
Foul goals—Miss Conley 2 out of 3, Miss Morton 1 out of 1, Miss Herd missed one.
Referee—A. Buttermore.

An added attraction was an exhibition shot by Captain W. J. Dark of the Cokers. Dark tossed the ball from the gate to the far basket, banking it in. He made one try and it went true.
